

Retreater's Letter of Possibility - only available for the Coastal Rainforest Retreat Center, at this time.

This application is for those who feel called to retreat but wish to exchange a partial negotiable instrument donation combined with other reciprocity(ies).

Please be honest, tender, bold, raw, poetic, or practical, whatever feels true. We're not looking for perfection. We're looking for presence and commitment. If you are uncomfortable with the questions, say so and why.

Take your time. Breathe. Begin when you're ready.

WHERE YOU ARE NOW

Tell us where you're at. Emotionally, financially, spiritually. Share what is alive for you.

What's heavy? What's unfolding? What are you carrying that you'd like to set down for a while?

What is your retreat intention? *(Please be concise)*

WHY THIS RETREAT, AND WHY NOW?

What is calling you toward a Dark retreat?

What do you intend to

stir, shift,

ignite, soothe

wake up in yourself?

(Be real. Be wild. Be you.)

HOW YOU SHOW UP IN THE WORLD

We all give in different ways.

Tell us how you already contribute—to people, to community, to the planet, to yourself.

(Speak to impact not accolades.)

RECIPROCAL OFFER (This stays confidential and judgment-free.)

What amount can you comfortably donate?

In addition to the previous, what reciprocity can you offer to match the value of the entire experience?

Please focus on what you are resourced with/abundant not lacking/out of balance.

THE RIPPLE EFFECT

If we can come to an agreement, how will you carry this experience forward?

How will you pay for it in small ways, big ways, known or unknown?

(We don't expect grand plans. Just honesty and heart.)

ANY FINAL WORDS?

This is your space. Share anything else you want us to know, that didn't fit neatly into the boxes above.

THANK YOU

Thank you for the time, energy, and vulnerability you've poured into this. We'll be in touch as soon as we can with next steps.

With care, Viv and Finnpo
